Organizing Team:

Stefan Ungeheuer – Registration and Scoring

Norbert Heinz – Regatta Course

Martin Clemens – Race Officer + GMMC - Office

The organizer and the WFC Schotten are not liable for any damages or accidents which may occur directly or indirectly in connection with this event.

Venue:

WFC Schotten, Am Niddastausee, 63679 Schotten

There is no „correct“ address for the area. The barrier lake (Stausee) is nearby the B455 between Schotten und Rainrod. Leave the B455 to the campsite/parking, turn right and park your car. If the small car park is full use the upper one near the campsite. The regatta area will be about 200 meters downhill, direction South to the lake.

Tip for driving:

Hessen is well known for many speed traps. There are some around Schotten, too. So please drive carefully from wherever you come.

Tip for rookies:

Small beach tents or tents are recommended against rain or hopefully sun. There is no shelter at the venue. Toilets are near-by the small car park about 200 meters from racing.

We are looking forward to meeting you or meeting you again in Schotten!

Marcus, Stefan, Norbert und Martin
